## MILLION AND HALF WARDEN H. F. SMITH

This Amount Wanted For Improvements on Tennessee River.

Telegram Encouraging People to Work for the Army Post In Paducah.

GOOD REPORT ON WHEELER'S BILL

### FAVORABLE FOR IMPROVEMENTS.

Washington, D. C., Jan. 18.—The prospects are bright for a favorable report of Congressman Wheeler's bill for enlarging the government building in Paducah, in the interest of which Congressman Wheeler and Postmaster Fisher appeared before the committee on Public Buildings yesterday.

The measure carries with it an appropriation for \$100,000, and will give Paducah one of the largest government buildings in the state. It is strongly indorsed, and is fully expected at it will be favorably reported shortly.

If the people of Paducah are in earnest about wanting the army post, that seems certain to be located some where in Kentucky, they should lose no time in offering the site. They could well afford to go to the trouble, as it means a great deal for the place that is fortunate enough to get it. Otherwise they are wasting their time working for it. The site must be offered before the board will favorably consider any proposition. Should the site be offered, it is believed they can win.

### TENNESSEE RIVER

IMPROVEMENTS. Chattanooga, Tenn., Jan. 18.—A committee from the Tennessee River Improvement association has gone to Washington to ask for a million and a half dollar appropriation for the Tennessee river and its tributaries.

### WAS GIVEN TWENTY.

ONE YEARS. Flemingsburg, Ky., Jan. 18.—Charles Gaskins was today given twenty-one years for the murder of James Ryan. He is the man an effort was made several nights ago to lynch, and there is much dissatisfaction over the verdict. The troops may leave today, and if they do a lynching is probable.

### NO QUORUM.

Frankfort, Jan. 18.—The Senate quickly adjourned this morning, after meeting. There was no quorum present when the Schley resolutions were voted on. It was then dropped into orders of the day.

Frankfort, Jan. 18.—The house met this morning, only to adjourn until Monday.

### WAS DEGRADED.

Astoria, Oregon, Jan. 18.—Frank Rakowski, a soldier in the United States army, while drinking threatened to kill President Roosevelt. He was publicly degraded and given ten years in prison.

### KILLED BY A TRAIN.

Madisonville, Ky., Jan. 18.—Owen Price, the son of Rev. J. L. Price of Providence, and a well known liveryman, was killed by a train at the crossing here last night.

CORROBORATES HOWARD. Frankfort, Jan. 18.—The cross examination of James Howard, on trial for the alleged murder of Goebel, was finished late yesterday afternoon, and today Ex-Sheriff White of Clay county was on the stand most of the morning and corroborated Howard throughout.

Two witnesses this morning corroborated Jim Howard's statement that he was in the Board of Trade hotel when Goebel was shot.

### DIED OF PNEUMONIA.

Bessie Holly, aged 9 years, died this morning at her home in Mechanicsburg from pneumonia, after a several weeks' illness. The remains were buried at Altoona burying ground.

### THE WEATHER.

Fair and colder tonight and Sunday.

## WARDEN H. F. SMITH

Eddyville Man Will Be Beaten For His Job By Hagerman.

Eph Lillard Will Hold on at Frankfort—No Change in the Deputyships.

THE GUARDS GO OUT MARCH 15TH

Warden Henry Smith, of the branch prison at Eddyville, is to be succeeded by Henry Hagerman, of Bowling Green, according to Frankfort dispatches, which state that the prison commissioners are not doing much talking about their plans, but there are the best of reasons for the statement that they have decided upon Mr. Hagerman.

It is known that a part of the board has been disposed to appoint, as between the two Bowling Green candidates, the man favored by a majority of the senators and representatives from the Third congressional district, and it is known that nearly every member from the Third has indorsed Mr. Hagerman. There is no doubt now about his appointment.

Warden Eph Lillard, of the Frankfort penitentiary, will be retained for another term of four years. So will Deputy Warden Jesse Olive, of Eddyville, and John Punch, of Frankfort. There may be a change in one of the two chaplaincies, while the terms of all the seventy-five guards will expire on March 15. There will be quite a number of changes among the guards.

The warden's salary is \$3000 a year, and he is furnished a house and light.

### GOOD WORK.

CORPORAL SHACKELFORD HAS SECURED TWENTY RECRUITS IN PA- DUAH.

Corporal Shackelford, the recruiting officer, has done better work in Paducah than any of his predecessors.

Since he has been in Paducah, which is only seventeen days, he has secured twenty recruits, and the applications are still coming in. The following is a list of the recruits enlisted during the past three days, and who will leave tonight for Fort Mott, New Jersey, to join the heavy artillery. The men will be placed into immediate drill, and training, and will then be enlisted into the regular army.

John M. Nickell of the Star Lime Works, Ky.; J. G. Keyhoe, city; Francis M. Sicilian, Calvert City; Henry K. Parish, Trenton, Tenn.; Allan B. Young, blood, Kirksey, Ky.; Gillespie B. Rucker, Calvert City; Horace A. Story, of near Calvert City.

Corporal Shackelford should be highly complimented for his efforts and his success in working up the business.

### NOTHING DONE YET

THE TERRELL BANKRUPTCY PETITIONS HAVE NOT BEEN REFERRED.

Referee in Bankruptcy E. W. Bagby stated this morning that he knew nothing of the report that the bankruptcy petitions of Messrs. A. S. and Fletcher Terrell, with total liabilities amounting to about \$20,000, would be contested by creditors. The petitions have been sent by the clerk of the U. S. court here to Judge Evans at Louisville, who will in time refer them to Referee Bagby, and a date for a hearing will then be set by the latter. If any objection is entered by creditors, it will have to be then.

The Messrs. Terrell state that they filed their petitions only after being forced to do it by pressing creditors, and disliked very much to have to do it. The petitions do not in the least affect the livery business, which is conducted by Mr. John Terrell.

Eddie, the four year old son of Mr. Lum Turner, fell against the corner of a dresser this morning and cut a large gash over his right eye. Dr. Coyle was called and dressed the injury.

## WEEK'S NEWS IN THE BUSINESS WORLD.

## COMMITTEES NAMED IN THE LOCAL COURTS

Clearings at the banks the past week were \$597,116.

Same time last year, \$492,238.

Increase, \$94,878.

Bank clearings for the past week show a good increase over the same week last year, and indicates heavy business. The wholesale houses report very good trade generally. With some houses, it is true, the past few

weeks have been a little dull, but general reports are of very satisfactory business.

Retail trade is very good. Spring goods are moving some, especially is this so with the dry goods houses.

Tobacco has not come in so freely this week. A little wet weather and it will roll in lively.

### DEFENDANT WON

The Celebrated Lay Case Finished at Last at Metropolis.

The Jury Brought in a Verdict For Dr. J. B. Young Last Evening.

### NEW RAILROAD

Mr. James E. Robertson One of the Directors in the Project.

Articles of Incorporation Filed Yesterday at Nashville, Tenn.

Mr. James E. Robertson, the well known druggist, formerly connected with the Evening News, is a large stockholder and director in a new railroad company organized yesterday at Nashville, with a capital stock of \$100,000. Mr. Peter Arland of Louisville, president of the company who ran the furnace here a little over a year ago, is at the head of the new railroad.

It is to be known as the Florence Phosphate, Iron and Railroad Co.

It is bonded for \$300,000. A Nashville dispatch says of the project:

"He proposes to build a railroad from Florence, Ala., to Maney, Wayne Co., Tenn., a distance of forty-five miles, for the development of phosphate and iron interests owned by the company in Tennessee and Alabama. The road will connect with a branch of the Nashville, Chattanooga and St. Louis at Maney, and with the Louisville and Nashville and Southern at Florence. Mr. Arland says the work of construction will begin next week."

The roadbed is already built, and most of the trestles constructed. It is believed the road will become one of great importance.

### TO REORGANIZE.

THE SHADOWS OF SIN CO. TO START AGAIN AT EVANSVILLE

For the past week or two an advertisement has appeared in the New York Clipper advertising for actors and musicians for the "Shadows of Sin" Co., now being reorganized at the Grand opera house in Evansville, Ind.

George Hamilton and wife, the leading man and woman and the playrights who wrote the piece, are the signers of the ad. The members of the company were supposed to form a new company at Evansville and produce the play, "A Trip to the Circus," after being stranded here. It looks like they have decided to try the old play again. It will be remembered that the company was stranded here and had a hard time getting out.

### FAVORABLY REPORTED.

WAS THE SHIP SUBSIDY BILL AT WASHINGTON.

Washington, Jan. 18.—The Senate committee on commerce yesterday authorized a favorable report on Senator Frye's ship subsidy bill.

The Democratic members of the committee voted against reporting the bill. They also voted solidly for a motion offered by Senator Mallory to strike out the general subsidy provision.

The committee made an amendment to the bill, allowing mail carrying vessels to be either iron or steel, instead of steel only, as originally provided, and another reducing to 1,000 gross registered tons the vessels receiving a bounty.

### IN THE THEATRICAL WORLD

This city is one of the first outside of New York, Philadelphia, San Francisco and St. Louis, to see "Florodora." Not even Boston or Chicago have had an opportunity to see and hear this remarkable musical comedy success. "Florodora" is the record-breaking lyric play of the English-speaking stage. It is still running with undiminished success in London after two and a half years of uninterrupted performances. It is well into its second year of triumphant success on Broadway, New York. The company to appear here numbers 100 players and expert stage workers, including an orchestra of New York and Boston soloists necessary to the adequate reading and playing of the fascinating and novel music of this great attraction.

Western people, proverbially quick to admire and take up anything good in a musical way, have been playing and humming the airs of "Tell Me, Pretty Maiden," and "Under the Shade of the Palms," but "Florodora"

has many pretty melodies which are even more popular in New York and London. No bit of music in the pretty concert has been in as great demand as "I Want to Join the Military." It has an irresistible swing and dash, and yet has so much novelty in it for marching song that it is now the favorite number for military bands in all parts of the world.

The engagement in Paducah is for one performance at The Kentucky on Tuesday evening, January 21. The advance sale of the seats begins at box office of the theater on Monday morning at 9 o'clock.

The forthcoming appearance of William H. West's Big Minstrel Jubilee in this city as a special return engagement next Thursday night, has already created a stir among our theater-goers, and judging from the lively inquiry regarding seats this famous organization will be greeted with a superb audience of representative theater patrons. The West Minstrels now

occupy an exalted position among the leading attractions of America, due to the refined quality of the entertainment always provided by Mr. West, who each successive season makes renewed efforts to eclipse all his former triumphs in the minstrel field by presenting the leading vocalists, the most famous comedians and the most novel and expensive features that his unlimited financial resources permit.

"The Span of Life," is not only the most skillful and daring acrobats of the present time but are all good actors and quiet gentlemen. They have been seen in their wonderful feats of gymnastics in all parts of the world, and have created a furore wherever they have appeared. It was from them Sutton Vane author of the "Span" received his idea of having the hero and heroine of his play make an escape from savages over a bridge of human beings. The Donazettas accepted the responsibility of creating this scene and their success made the play the great popular favorite that it has

been during the past eight years. They will be seen in this season's production which will be given at The Kentucky next Wednesday night.

Year after year, George W. Lederer has turned out a crop of big musical shows from his Broadway playhouse, and if those posted in matters theatrical of the past half score of years, will review these productions, they will find that there have been numerous successes and few failures. Of the Casino successes, none has won greater glory than the musical extravaganza, "The Casino Girl," which has a record of enormous popularity both in New York and London. It is a frothy entertainment with bright musical numbers, and is interpreted by clever funsters and fascinating feminine artists. Manager Samuel E. Rork, under whose immediate supervision the original New York and London production of the piece is touring the country, will bring his organization to this city at the Kentucky on next Friday night.

Monday morning opens the sale for Florodora, Wednesday morning for "The Span of Life" and the sale for West's Minstrels Thursday night will continue until the evening of the engagement. "The Casino Girl" sale opens Friday morning and "Pudd'nhead Wilson" sale Saturday morning.

Next week promises to be the best in the history of The Kentucky. West's Minstrel sale is now going on and many inquiries are being daily received regarding when other sales will take place.

The next alarm was from the residence of Mr. R. E. Ashbrook, corner of Fourth and Clay streets. A burning flue caused the call and no damage was done.

## THE QUICKENING OF SOCIETY.

The week has been gayer than it seemed probable from last week's forecast, with only one entertainment announced and nothing decided in prospect, yet to the wise ones of Society this is no surprise, it is nothing more than they expected. Visitors are an elixir of life and motion to us always. Whatever faults she may have, Paducah rises to such important occasions beautifully, and does the honors with a charming grace and really enjoys her prerogative as hostess. So the coming of some especially charming visitors has merely set the dragging social wheel "agoing" in earnest, and with each revolution it has gained momentum. Now that the whirl is started, there is little desire evinced to stop, or to slow up, even so the coming week is quite crowded enough to satisfy the most ardent social devotee. Here's to our visitors!

## CHARITY CONCERT.

An event of especial interest in the social and musical worlds of the city will be the Charity Concert, which the Musical club is arranging to give before Lent, under the auspices of the Civic Federation. Forty or more of the best musicians of the city will take part, and the program will be very fine. Some time since the Musical club offered their services to the Benevolent section of the Civic Federation, and this is the outcome. A large audience should greet them. The date is February 7.

## A PRETTY AND EFFECTIVE WEDDING

A very pretty and effective wedding was that of Miss Mary E. Corbett to Mr. Arthur D. Cray of Kansas City, Mo., on Wednesday afternoon at 4:30 o'clock at the First Christian church. Although an afternoon wedding the auditorium and gallery were crowded with friends of the popular bride. The ceremony was impressively performed by Rev. W. H. Pinkerton. Prof. Dodd presided at the fine organ. The church was effectively decorated, the colors white and green being used. Southern smilax was gracefully draped against a background of white, and palms, calla lilies, narcissus were used in profusion about the altar, while a large "C" of white flowers was suspended over the altar.

The ushers were: Mr. Charles Alcott, Mr. Frank Boone, Mr. Edwin Wilson, Mr. James Campbell, Mr. Hughes McKnight, Mr. John Sherwin, Mr. Douglas Nash, Mr. Evert Thompson, all of this city and especial friends of the bride.

Miss Ella Settle was the maid of honor. She wore a pretty gown of white organdy over white silk, and carried Bridesmaids roses.

The bride, who is quite pretty and vivacious, looked very charming in a handsome bridal gown of white crepe chine over white silk, made in train, with bridal veil, and carried the roses. She entered with her brother, Mr. Tom Corbett, of Memphis, who gave her away.

The arrangement of the bridal party at the altar was a little different from usual. The ushers were grouped at the foot of the altar, and the bride, maid of honor and Mr. Corbett ascended into the altar where they met the groom and the minister. They stood facing the audience throughout the ceremony, and made a pretty and effective scene.

Among the out-of-the town guests present were: Mr. and Mrs. Ralph Cray, of Chicago; Mr. and Mrs. C. D. Cray, of South Haven, Mich.; Mr. and Mrs. Jacob Corbett, of Wickliffe; Miss Fannie Richmond, of Clinton; Mr. Thomas Corbett, of Memphis; Mr. Jake Dudley, of Mayfield; Mr. Arthur Smith, of Wickliffe; Mr. Thomas Stahl and Mr. William

## SANS SOUCI CLUB ENTERTAINED

Miss Susanne Jorgensen entertained the Sans Souci club most delightfully at her pleasant North Seventh street home on Thursday afternoon. Old Maid was played, and the contest was most spirited.

The club prize, a dainty piece of bric-a-brac, was won by Miss Marjorie Crumbaugh. The visitor's prize, a pretty vase, filled with carnations, was captured by Miss Myrtle Decker. And the consolation prize, a bunch of carnations, fell to Miss Myrtle Greer. The tally cards were charming souvenirs for each guest, as in the right hand corner there was a little picture of the pretty young hostess, who is so popular a member of the club and society.

Dainty refreshments were served at the conclusion of the game.

Miss Jorgensen's guests were: Mrs. Harris Rankin, Mrs. Richard Baker, Misses Minnie Terrell, Marjorie Crumbaugh, Lulu Reed, Florence Yeiser, Myrtle Greer, Laura Sanders, Mabel Rieke, Gertrude Asher, Clara Thompson, Annie Boswell, Angie Thomas, Annie May Yeiser, Lillian Rudy, Ethel Morrow, Myrtle Decker, Carline Sowell.

## KENTUCKY CLUB ENTERTAIN.

Quite a delightful affair was the entertainment given by the Kentucky club on Friday evening in compliment to the charming visitors in the city. All that this club undertakes is done on a large and attractive scale, and their reputation as hosts is not without honor in their native town. Dancing was enjoyed and cards were played by those who did not care to dance. A delightful and elaborate supper was served late.

Among those present were: Messrs. and Mesdames T. C. Leech, Oscar Gregory, James A. Rudy, Dr. and Mrs. D. G. Murrell, Messrs. and Mesdames Cook Husbands, Irvin Cobb, Wheeler Campbell, Victor Voris, Dr. and Mrs. King Brooks, Messrs. and Mesdames W. B. McPherson, Frank Rieke Dr. and Mrs. Warwick, M. ## DELPHIC CLUB MEETING

The Delphic club met with Mrs. James A. Rudy on Tuesday morning, and considered the Age of Epigram in Europe. "Berlin Under Frederick I of Prussia" was very entertainingly reviewed by Miss Lucia Robiou. Mrs. James Rudy told of "French Classicism—Its Influence" very interestingly. "Influence of English Age of Queen Anne" was delightfully given by Mrs. Louis Rieke. All the papers were especially able and the subject covered a wide field of interest and provoked discussion and thoughts that caused a most pleasant and enjoyable morning.

## A CHAFING DISH INFORMAL

Miss Kathleen Whitefield and her attractive house guest Miss Anne Louise Lee of Columbus, Miss., entertained a few friends informally on Monday evening. A delightful chafing dish supper was served, and the evening was most pleasantly spent.

The party included: Misses Martha Davis, Anne Reed, Anne Louise Lee, Kathleen Whitefield; Messrs. Saunders Fowler, Will Sanders, Charles Alcott, Edwin Paxton, John Woolfolk, Charles Kilgore, Harry Gilbert, Dr. I. B. Howell.

## MRS. LEECH'S CARD PARTY.

Miss Evelyn Willis of Columbia, Mo., and Miss Georgia Walker of St. Louis were the honor guests of Mrs. Thomas C. Leech's delightful card party on Thursday afternoon, at which a number of guests were entertained. The Leech home on Madison street is one of the most artistic in the city, containing many rare articles of beauty and interest, collected during the hostess' travels in many lands, and the lovely rooms needed no decorations to embellish them. Miss Willis and Miss Walker are the attractive guests of Miss Martha Leech, and have been the recipients of much social attention since their arrival on Tuesday, and this card party was an especially beautiful honor and charming occasion.

There were eleven tables of euchre, and the prizes were exceedingly pretty. The first prize, a handsome white fan, was won by Miss Caroline Robiou, who, also, won the consolation prize, a pretty bon bon spoon, but presented it to Miss Ida Taylor of Toledo, Ohio, the guest of Miss Faith Langstaff. The booby prize, a cup and saucer of mammoth size, was graciously borne off by Mrs. Anne Berryman of Clarksville. To Miss Willis and Miss Walker, the guests were: Mr. Charles Alcott, Mr. Douglas Nash, Mr. Edwin Wilson, Mr. Evert Thompson, Mr. John Sherwin, Mr. Thomas Stahl and Mr. William

Miss Susanne Jorgensen entertained the Sans Souci club most delightfully at her pleasant North Seventh street home on Thursday afternoon. Old Maid was played, and the contest was most spirited.

The club prize, a dainty piece of bric-a-brac, was won by Miss Marjorie Crumbaugh. The visitor's prize, a pretty vase, filled with carnations, was captured by Miss Myrtle Decker. And the consolation prize, a bunch of carnations, fell to Miss Myrtle Greer. The tally cards were charming souvenirs for each guest, as in the right hand corner there was a little picture of the pretty young hostess, who is so popular a member of the club and society.

## DAILY THOUGHT

The weaving on the loom of life is  
seen from the wrong side ever. One  
day we will see the right side and  
would not have a figure of the pattern  
different.

The Louisville Commercial says of  
the Feland contest in the state senate,  
thrown out because Clerk Cromwell  
failed to notify the senate of the filing  
of the contest papers: "Mr. Crom-  
well says that it has been the 'custom'  
for some senator to make a motion to  
file the contest papers, and that as this  
motion was not made he was under  
no obligation to take any notice of  
these documents, and that Feland's  
right to contest is thus forfeited.  
This is not the law. Section 1553 of  
the Kentucky Statutes provides:  
'The depositions shall be sealed up by  
the officer taking them, and directed  
to the board having power to decide  
the contest, or to the clerk of the  
senate or clerk of the house of  
representatives, as the case may require.'  
This is all that Mr. Feland had to do,  
and his contest is legally before the  
senate. Of course, the senate can  
ignore the case, and so the senate could  
ignore the action of its clerk were he  
to take an enrolled bill and throw it  
in the waste basket, or do any other  
act contrary to the law. But the  
pretension that Feland's contest was  
not 'filed' when it was delivered to  
Mr. Cromwell in his official capacity  
is too ridiculous to be given any  
consideration. Neither the clerk nor the  
presiding officer has anything to do  
with the contest preliminaries; they  
are fixed by law, and when Feland's  
papers were delivered to Mr. Crom-  
well they were filed, and it was his  
duty to report them to the senate, not  
as a matter for approval or dis-  
approval, but as a matter of fact, and  
the clerk is as much responsible for  
these as for any other papers that are  
the property of the Senate. That  
body can dispose of the contest, but  
Mr. Cromwell cannot, under the  
law."

The rumors of an effort to dispense  
with the municipal ownership of the  
street light plant are somewhat  
significant. It is claimed that a private  
company asserts that better lights and  
more lights can be furnished at cheaper  
rates, and that there are men here  
who are willing to do it. If this is  
true, whether one were in favor of  
municipal or private control, it is evident  
to him that something is radically  
wrong in the manner in which  
the plant has been managed. Our  
lights are good enough, wherever they  
burn, but seldom are all of them shining  
at the same time, and on moon-  
light nights the plant is shut down,  
no matter how dark it may be by reason  
of clouds and stormy weather.  
Perhaps we get the best possible  
results from what we have, but for some  
reason the plant has never given satis-  
faction, and any change for the better,  
especially at a reduction to the tax  
payers of the cost of street lighting,  
would be beneficial and welcome. A  
query the other day about the system  
was quite amusing. In many places  
where months ago new lights were  
ordered, there is nothing but a brick  
bat hanging on a wire to hold the lat-

ter in position. Some wag wrote a  
card to the papers asking at what  
season of the year brickbats gave  
light. We need better lights and more  
of them.

It is feared that there will not be so  
much building this year in Paducah as  
heretofore. The demands of several  
unions for an eight hour day, with  
pay for nine hours, if acceded to by  
the contractors, will result in an in-  
crease in the cost of building, and  
a number of people have signified  
their intention to wait for cheaper  
rates, whether they ever arrive or not.  
Those contractors who have  
anything at all to say say that the  
increase demanded will not affect  
them to any great extent, as the  
builder will have to pay the differ-  
ence, but it will reduce the amount  
of building, and in this way affect  
laborer and contractor alike.

It develops that the "lynchers" who  
tried to get into the Flemingsburg jail  
a few nights ago were only boys, and  
have since spent most of the time pick-  
ing bird shot from their anatomies.

It must be very amusing to the good  
people of Flemingsburg, who know  
the attempted lynching was largely  
a prank, to see Young Mr. Beck-  
ham's soldiers in charge of the jail,  
with a gatling gun planted in front of  
the court house frowning grimly on  
passers-by. And so soon after that  
proclamation to the legislature about  
peace and protection!

Something strange, unaccountable  
and incredible is always happening in  
Chicago. The police are now threat-  
ening to go on a strike because a se-  
cret order, in the nature of a union,  
has been organized among them, and  
they have been ordered by the mayor to  
dissolve it. It is the first time on  
record a policeman ever threatened to  
give up his job.

Paducah's bill will go through the  
state legislature making her a second  
class city, the bill to double the  
capacity of the custom house at a cost of  
\$100,000 will probably be passed by  
Congress, and we have a fighting  
chance to land the army post. We are  
dead in the swim, and there is no way to  
head us.

If the state legislature would pay  
more attention to the important mat-  
ters that need looking after, and less  
to drafting and introducing bills li-  
censing hunters and shooting rabbits,  
they would be of some benefit to their  
constituents, and do something to earn  
their salt.

Wouldn't it jar you! According to  
a Washington dispatch, when Mr. Bo-  
bott called on President Roosevelt,  
to know why he was not appointed  
postmaster, the president told him he  
didn't even know he was a candidate.

They have peace declared in South  
Africa about as often as we do in the  
Philippines.

one day sooner than it was first reported.  
It will leave for the Louisville

went to East View tunnel this morning

## CHILD'S MEDICINE—

### WHY?

Because Scott's Emulsion re-  
lieves such an extraordinary  
variety of children's diseases  
all the way from slight colds to  
the serious hip disease.

Because Scott's Emulsion is  
asharmless as milk. Wellborne  
even by the delicate stomachs  
of babies.

Because children respond so  
quickly to its action. A med-  
icine peculiarly suited to their  
sensitive nature. It is wonder-  
ful how rapidly delicate chil-  
dren improve in every way  
while taking Scott's Emulsion.

Because children like the  
taste. Most of them like Scott's  
Emulsion at once. The rest  
soon learn to like it. Little  
daily doses bring the results.

## THE WRECK.

FULL DETAILS SHOW THAT NO  
ONE WAS KILLED.

An official report has been received  
of the wreck at South Fork, Tenn.,  
Thursday night at 10:16 o'clock, when  
the second section of freight No. 152  
struck the rear end of freight No. 188,  
which at the time was backing out of  
a switch at South Fork. The trains  
were in charge of Conductors Black  
and McCutchan, with Engineer Frank  
Harris and Fred Williams, fireman, in  
the cab of the 152. The cause of the  
wreck is not fully determined, but  
will be after an investigation, which  
will shortly be held.

There were nine cars wrecked, three  
of which were destroyed with a  
caboose, and the engine suffered much  
damage by fire and by turning over.  
The freight in the cars was badly  
damaged, but this is a small item in  
comparison with the loss to the road.  
Fireman Williams was slightly  
bruised and cut about the face, and  
also Erakeman Bell was slightly  
bruised. A tramp from Louisville  
named Cole was injured, and is in the  
hands of physicians. His injuries are  
not fatal. Engineer Clark was in  
charge of the engine on 188. No. 188  
was composed of twenty-eight and  
No. 152 of twenty-six cars.

All the wreck was cleared in ten  
hours, and a delay of over three hours  
was occasioned to No. 102, the pas-  
senger due into Paducah at 11:30 a.m.,  
and to No. 104, due into Paducah  
at 1:30, a delay of about fourteen  
hours was occasioned. Both trains ar-  
rived after three o'clock, running as  
one train in two sections.

A girl can get mad at you if you kiss her or if you don't.

The first baby makes a man crazy with joy; the others make him crazy without it.

A woman can imagine anything in the world except what she doesn't want to imagine.

You can never convince a vain woman who has grown fat that she is until she gets stuck trying to get in a carriage door.

Proof to a woman that you love is when she thinks you get miserable every once in a while imagining how lonely you would be if she went to visit her mother.

## ENGINEERS MEET

### Big Conference at Chicago Begins

Monday Morning.

Mr. Loyd Grimes, of Paducah, is One of the Delegates.

Mr. Lloyd Grimes, the well known engineer, and Mr. J. M. Collins, the former of the Paducah division and the latter of the Tennessee division of the I. C., and Engineer Pearce of the Louisville division, will leave at 6:15 tonight for Chicago, to attend a meeting of the adjustment board of engineers of the I. C.

The meeting is a special called one for the purpose of discussing and taking some action in regard to the new schedule of pay offered by the company to the engineers of the road. The I. C. in absorbing many smaller roads has adopted the rates of pay to the engineers that existed on the smaller roads, and the schedule is therefore not uniform. Uniformity in the rate is what the meeting is called to act on, and the meeting will probably remain in session for a month, or more. There will be seventeen delegates or representatives, all told, representing every division of the I. C. As published several weeks ago in The Sun, the rate offered by the company is 4 1/2 cents on the 20-inch cylinder or larger, and 4 cents for the smaller cylinders. Heretofore the engineers on several divisions have been paid so much per trip or mile, and the rate was based on the number of wheels of the engine. Instead of taking this as a basis the company had adopted the cylinder and this is the new schedule presented to the board of adjusters for consideration. Many other rates and means of determining the rates will be discussed, but it is not known which will meet with the greatest favor. The local engineers are inclined to favor the basis set by the company, but the stand the other division representatives take is not known.

## MALLORY ESCAPED.

GOT AWAY WHILE THE BACK OF LIEUTENANT MOORE WAS TURNED.

Roy Mallory of Mayfield, arrested at Murray some time ago for bootlegging, and given a \$100 fine and sixty days in the county jail at the last term of federal court here, escaped from Lieutenant T. J. Moore, who was en route to Mayfield with him late yesterday afternoon, near Hickory Grove.

Mallory, with other prisoners, took the insolvent debtor's oath before Commissioner Gardner yesterday, and Mallory was at once arrested on three bench warrants from Mayfield, for selling liquor without a license.

While Lieutenant Moore was talking to the conductor in the smoker, near Hickory Grove, only a few feet from the seat which the prisoner occupied, the latter bolted through the colored section and escaped into a corn field. His absence was discovered at once, but when the train was stopped and the officer went after him, he had gotten a good start, and escaped, the officer catching the first freight train back to Paducah.

Charles Bell, the street car company's lineman, who fell from a telephone pole at Fourth and Broadway Wednesday morning and sustained a fracture of the skull, died shortly after 6 o'clock last night at his home, 407 South Eleventh street. His death was hardly expected, although it was believed at first that he could not recover. He seemed to be improving, however, but yesterday afternoon took a turn for the worse and died.

He was about 36 years old, and was born in Indiana, but came here from Shawneetown, Ill. He has a wife and two children, and other relatives.

His two brothers, Messrs. Sam A. and George Bell, arrived last evening from Shawneetown, and today took the remains to the last named place for burial, leaving on the Evansville packet.

## REWARD OF MERIT

A NEW CATARRH CURE SECURES NATIONAL POPULARITY IN LESS THAN ONE YEAR.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article to say nothing of achieving popular favor, and yet within one

year Stuart's Catarrh Tablets the new catarrh cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarrh cure certainly possesses in a marked degree.

Physicians, who formerly depended upon inhalers, sprays, and local washes or ointments, now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrh remedies, such as red gum, blood root and similar antiseptics.

They contain no cocaine nor opiate, and are given to little children with entire safety and benefit. Dr. J. J. Reitiger, of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall with stoppage of the nose and irritation in the throat affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a 50 cent package of Stuart's Catarrh Tablets at my druggist's, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring and consider myself entirely free from any catarrhal trouble.

Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarrh nearly my whole life and last winter my two children also suffered from catarrhal colds and sore throat so much they were out of school a large portion of the winter. My brother, who was cured of catarrhal deafness by using Stuart's Catarrh Tablets urged me to try them so much that I did so and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarrh is no longer a household affliction with us."

Full sized packages of Stuart's Catarrh Tablets are sold for fifty cents at all druggists.

Send for book on cause and cure of catarrh mailed free. Address, F. A. Stuart Co., Marshall, Mich.

## HIS MOTHER ILL.

MR. H. J. FOPPE WILL PROBABLY LEAVE FOR CINCINNATI.

Mr. H. J. Foppe of the Rhodes Burford company received the sad news today that his mother is dangerously ill at her home in Cincinnati. Mr. Foppe was there only a short time ago, and left her ill, but apparently improving. She is suffering from heart trouble. He will probably go there today or tomorrow to be at her bedside.

An unusual coincidence occurred while Mr. Foppe was there visiting his mother. His two brothers, neither of whom knew the other was there, arrived about the same time on a visit. Mr. Andrew H. Foppe of Wichita, Kan., representing the New York World, Chicago Tribune, Kansas City Star and St. Louis Globe Democrat, and Mr. John H. Foppe of Toledo, O., are their names, and the surprise at the unexpected reunion was mutual.

Does your mirror reflect clean, white teeth and sound gums? If not, then use Jennelle's tooth powder.

## HE WAS PUZZLED.

YOKEL DIDN'T TAKE ANY STOCK IN SLEIGHT OF HAND.

Mr. Moore Whittaker of the depot lunch stand is quite a magician in a small way. He has been a train butch on the railroad, and in his experience as such has learned many tricks with money. Yesterday a country man walked into the lunch stand to get change for a quarter. He asked Mr. Whittaker if he could supply his demand, and the money was handed over to the lunch man. He took the money in his fore finger and thumb with both hands, and began to work the quarter up and down, making it have the appearance of being flexible and bending under the pressure of the fingers. The yokel's eyes bulged out, and as Mr. Whittaker handed the coin back to him as being counterfeit, the quarter disappeared just as it had been placed in the hands of its owner. The latter was very much mystified. Finally, when he demanded the coin, it was taken from his nose and returned to him. He turned away and went out of the lunch room, not waiting to get it changed, and the first thing he did when he had gotten out of sight was to test the coin as to its genuineness.

Mr. Whittaker will probably not be troubled with the man any more.

## TOOK POSSESSION.

MAN WOULD NOT GIVE UP HIS COMFORTABLE QUARTERS.

Some of the people think that the railroads of the country are made out of money, and that if the occasion demanded the company could lay tracks in gold.

Every few days some one has to be reprimanded for making a lodging house of the depot waiting rooms, but it is seldom the case that a man refuses to leave when asked by the depot master. Last night a man entered the ladies' waiting room of the local L. C. depot and laid down on one of the sofas to sleep. He had just emerged into the land of dreams when aroused by one of the depot hands, and told that the ladies' waiting room was not a lodging house.

The man arose from the sofa, but as soon as his disturber left he took possession again, and it required a policeman to dislodge him. Men sometimes use the ladies' waiting room for a smoker, and some plant their feet on the furniture and use the depot in various ways damaging to the company, but few have attempted to make a lodging house of it before.

## POLICE CHIEFS.

A MEETING TO BE HELD IN LOUISVILLE IN MAY.

Washington, Jan. 18.—An invitation is to be extended to the chief of the police department of every large city in the civilized world to attend the next meeting of the Association of Chiefs of the United States and Canada, to be held in Louisville, Ky., in May of this year. These invitations are now prepared, and ready for mailing, and they will be sent out under the personal supervision of Major Sylvester, superintendent of the metropolitan police department, Washington. He was authorized to take this step by the Association of Chiefs, of which he is the president and it is expected that the invitations will be accepted by a large number of the heads of police and detective bureaus.

Major Sylvester has notified the members of the board of directors of the Chiefs Association that the date of holding the convention at Louisville will soon be fixed, and asked that action be taken in the matter at once. The month of May was chosen at the last meeting, but the exact date was not fixed.

For Many, Many Years

— and our experience is that we don't lose many customers. Of course we can't please everybody. That would be impossible. We please nineteen people out of twenty who come here, and the twentieth man couldn't be pleased. We don't sell \$1.00 flour for \$3.00, nor \$3.00 flour for \$1.00. We don't promise you anything but a great, big, fat "Money's-worth-of-Food" and perfect satisfaction. If it were possible to do more, we'd do it—but we can't.
